GUIDANCE NOTES — remove these notes before sending

Move-out condition checklist

When to use

- On the day the tenant hands back the keys, with landlord (or agent) and tenant present, next to the signed move-in checklist (T07).

Why it matters

- The tenant returns the property in the same condition as received, except ordinary wear and tear or damage beyond the tenant's control (Art. 21).
- The landlord undertakes to refund the security deposit, or what remains of it, at expiry (Art. 20). Any deduction should be traceable to a line on this checklist where the condition is worse than at move-in.
- The law does not define 'ordinary wear and tear'. Record what you see; the 'agreed?' column shows whether both parties accept the note.

How to fill it in

- Copy the move-in code for each item, then mark the move-out code.
- Photograph every item that changed; write the photo numbers in the table and the photo log.
- Record final meter readings and count the keys and cards returned.
- If the parties disagree on an item, write both views in the notes. Deductions go in template T04 (landlord) or are queried with T05 (tenant).

What this template does not do

- This template is general information. It does not decide whether the rule applies to your situation, and it does not interpret your tenancy contract. Disputes are decided by the Rental Disputes Center (Decree 26/2013).

Legal basis (official sources, retrieved 2026-11-03)

- Law 26/2007 Art. 20 (deposit) and Art. 21 (return condition) — https://dlp.dubai.gov.ae/Legislation%20Reference/2007/Law%20No.%20(26)%20of%202007%20Regarding%20regulation%20between%20the%20lessor%20and%20the%20lessee.html

The English texts are the official translations published by the Supreme Legislation Committee, Dubai; the Arabic text prevails in case of conflict.

General information and templates only, not legal advice. For your specific case consult a licensed legal practitioner in the UAE.

Move-out condition checklist

Property	[unit no.], [building], [community], Dubai
